

January 25, 2019 Update

Based on our continuing communications with Bright leadership, we have the following updates to share:

Owner Names in the Public/Tax Records: These have been updated and/or added for the following counties: Fairfax, Arlington, Prince William and Loudoun

Listing Alerts: Next week, listing agents will begin to receive alerts on their Bright dashboard when their listings are about to close, are past their closing date, or are about to expire. [Learn more.](#)

Difference Between “Withdrawn” and “Cancelled”: The difference between Bright’s ‘withdrawn’ status and ‘canceled’ status has created a fair amount of questions – some generated by the intended use and some generated because ‘withdrawn’ means something different in Bright than it did in MRIS.com. This article explains the difference between Cancelled and

Withdrawn: <https://www.brightmls.com/#/article/9302>. Learn about how each of the statuses impacts the Days On Market calculations here: <https://www.brightmls.com/#/article/9267>.

Bright Community Facebook Group: Bright has launched this private group for subscribers. It is moderated by Jay Thompson, a licensed broker, Inman News columnist and former Director of Industry Outreach for Zillow. You can access the group using [this link](#). You’ll be asked several questions to verify your subscriber status to expedite the approval process for joining. This group is an excellent way to share feedback about issues you’re experiencing and to suggest improvements.

Recent and Upcoming System Changes: View a summary of new features and functionality using this link: <https://www.brightmls.com/#/release-notes>

As always, NVAR welcomes your questions, feedback and concerns. Your input can help Bright to make needed adjustments and improvements. [Click here to use our feedback form.](#)
